

Travel Information

(Including Arrival and Departure guidelines)

Students traveling to Hungary by plane: you will fly into the Budapest International Airport (Ferihegy), which is located on the southeast edge of Budapest, approximately 45 minutes from the Word of Life Hungary property. Most major airlines in conjunction with their European partner airlines have daily and sometimes multiple daily flights to Budapest.

If you are flying from the North America then you will be traveling through the night and arrive on the following day. The time difference is +6:00 hours from Eastern Standard Time (or Eastern Daylight Time when in effect). There is one week in the spring when the time difference is +7:00 hours from EST.

We will arrange for you to be picked up at the airport with one of our ministry vehicles. The charge for this pickup is 4500 forints (approximately \$20). This cost is shared by the all those we pick up - so we will try to consolidate trips to the airport to reduce both travel and costs. This may mean you will need to wait as much as two or three hours for others to arrive. If the wait would be longer than this, we will make separate trips.

Students traveling to Hungary by car, train or bus: please contact us for directions to our property or to arrange to be picked up at the bus/train station.

Arrival: If you are flying from North America or the Far East you should plan on arriving no later than two days prior to registration day (in the fall) or the resumption of classes after the winter and spring breaks in order to recover from jet-lag.

Departure: During the weeks prior to the winter, spring and summer breaks, finals are given on Friday morning. Students should plan to leave school prior to Saturday morning.

Breaks: The Fall quarter generally runs through the last week in November and is followed by two weeks of the Winter quarter. The Winter Break generally runs for 4 weeks (generally from the 2nd weekend in December until the 2nd weekend in January). The Spring Break is for two weeks, but is not scheduled for the same calendar weeks each year because of the different times of Easter from year to year. The Spring quarter generally runs until the last Friday in May or the first Friday in June.

Note to all students: As soon as you know your travel information, please let us know by e-mailing our Director of Admissions (admissions@eletszava.org).
